ASSISTANT SECRETARY

Dear Mrs. Zapp:

It was with great pleasure that I recently learned of your designation as one of the recipients of the American Motors Conservation Award.

Your success on behalf of the cause of conservation is an important example of what a concerned individual can accomplish. Your dedication is of particular significance for the State of New Jersey faces the continued threat of environmental deterioration as a result of its dense population and high level of industrialization. I sincerely hope your successes continue.

Once again, congratulations on receipt of a most prestigious award.

Sincerely yours,

Nathaniel P. Reed
